Rockville, MD 20857

Dear Sir:

In reference to docket number
98P-0151/CP1 - Please act favorably
on this petition to classify meat from
downed animals as adulterated.

With the increasing incidence of
mad cow disease and other food safety
risks, this is a huge issue of consumer
health, as well as animal suffering. The
meat from one diseased cow can contaminate
sixteen tons of mass-processed meat.

98P-0151 Thank you.

C2050
